

## HEALTHCARE

Milliken Contract

YOUR SPECIALIST FOR HEALTHCARE SOLUTIONS

## CREATE WELCOMING HEALING ENVIRONMENTS FROM THE GROUND UP

---

If you're looking for a partner who understands the flooring needs inside a wide variety of healthcare facilities, Milliken has you covered, with products engineered specifically for the healthcare industry. Pleasing textures, patterns and colors create an uplifting and positive environment for patients and their families, as well as the medical staff who work there.

With Milliken, you can create floor coverings to reflect your region, your brand or even your medical specialty. We offer you color and design opportunities impossible in other floor coverings. And because we make the most technologically advanced carpet ever engineered for your exact applications, our carpets hold up extremely well under the stresses and demands of any healthcare interior, including hospitals and senior living environments.

## JUST WHAT THE DOCTOR ORDERED FOR HIGH-TRAFFIC AREAS

Mobility. You want it for your patients. You need it for your rolling carts and equipment. Long hours on the job mean limited hours for maintenance. Wet spills, food spills and worse come with the territory in healthcare. But every one of these conditions meet their cure in the toughest carpet ever engineered. We call this construction cXc® — carpet for extreme conditions — and it's how we build every carpet in our Milliken healthcare collections from Sense™ and Santé™ tiles to Soul® broadloom.

Using a high-twist Invista™ Antron® Legacy fiber in a tight, dense construction, each cXc tile delivers

- underfoot comfort with extraordinary performance
- integrated PVC-free backing for easy installation
- built-in moisture barrier to keep fluids on the surface for easy clean-up
- proprietary finishes including the anti-microbial power of Alphasan®, the soiling and stain fighting power of StainSmart® and ColorSeal® which is resistant to bleach and offers exceptional colorfastness

OUR CXC CARPETS HAVE BEEN PROVEN TO HAVE A LONGER USABLE LIFE AND OUTPERFORM OTHER CARPETS. WE'RE SO CONFIDENT CXC CAN LIVE UP TO YOUR HIGHEST EXPECTATIONS, WE'VE BACKED IT WITH SOME OF THE MOST COMPREHENSIVE WARRANTIES EVER OFFERED.

## A HEALTHY APPROACH TO THE ENVIRONMENT, INDOORS AND OUT

Everything we do is an expression of Eco360, Milliken's commitment to environmental responsibility and an outgrowth of our everyday ethics. We're the only carbon negative manufacturer in the industry, backed by Cleaner and Greener®/Health & Climate Care certification.

All Milliken products are PVC free, carrying the most stringent green certifications to protect your Indoor Air Quality throughout the life of the installation. And 100% of Milliken floor covering products can be reused, renewed or recycled. No other carpet contributes more toward LEED®, a yardstick for green-conscious care providers.

So here's our prescription for getting better floor coverings in your healthcare facility: Take two Milliken samples and call us in the morning.
