EDUCATION

- A** is for Advanced Performance
- B** is for Budget Consideration
- C** is for Culture Changing

Blacksburg High School - Blacksburg, South Carolina

Advanced Performance — of the K-12 Business and your fears and concerns

- The need for floor covering that will not mold or mildew
- The need for a floor covering that will not wrinkle or roll up
- The need for a floor covering that is easy to clean when spills occur
- The need to be “green” and a leader in sustainability

Budget Consideration — You can purchase an entire “floor covering system” geared toward your specific needs

- The need for a floor covering that will last for years to come
- The need for a floor covering what will perform as well or better than VCT
- The need for a floor covering that costs less to maintain than VCT
- The need for a floor covering that is easy to repair/replace with in-house staff

Culture Changing — by bringing pride to the entire school district

- Change the perception of the teachers toward their work environment
- Change the behavioral patterns of the students
- Impact student activities in a positive way
- Add an element of comfort and quiet to the overall environment
- Be one of the first school districts to install “carbon neutral” carpet and be presented with an environmental award

Allow us the time to show you!

Let Milliken carpet share with you the pride we have in our floor covering that is specifically for schools

Let us prove to you that our solution is truly different and the correct solution for your schools

Allow us the time to discuss your specific concerns and to begin conversations on how we can help you to understand the A B C's of Milliken carpet
